

Calendar Framework for 2020-2021

The Oregon City School Board approved the 2019 – 2021 academic calendars April 2019 board meeting. The calendar for 2020-21 creates a window of time to complete safety and security updates throughout the school district. Additionally, the calendar reflects the opportunity for 12 full weeks of bond construction work.

The calendar adjustment requires an early start to the 2020 school year (next school year – 16 months from April 2019). The first day of school will be August 25, 2020. Staff will be reporting to work on Wednesday August 19 for in-service activities to prepare for the school year. The 2020 August/September academic calendar intentionally created four-day school weeks for the first three, which includes an extended four-day weekend around Labor Day on September 7th, 2020.

The early start allows for the last day of school to be on June 4th 2021. Note that the first day of school for 2021 is on September 7th, this allows for an extended amount of time to upgrade our facilities to create a safe learning environment for all. Again, Oregon City School District thanks you for your support and understanding.
