Review of Food Safety Guidelines

The District follows the Oregon Department of Education Food Codes, regarding food that is offered at school. Chapter 3 Section 201.11 of the Food Code states, “…Food prepared in a private home may not be used or offered for human consumption in a food establishment.” In abiding by this code, the school district will not offer food prepared from a private home. Only food that has been commercially prepared will be offered to students at school.
