Exclusion Guidelines for Schools and
Child Care Settings Clackamas County

Does the student have any of the following?

☐ Diarrhea: At least 3 loose stools in 24 hours — OR — sudden onset of loose stools.
☐ Vomiting: At least one episode that is unexplained.
☐ Fever: A body temperature of at least 100.5
☐ New Skin Rash, Sores or Wounds: Not previously diagnosed by a health care provider.

☐ OK to attend school or day care

YES

For Diarrhea or Vomiting:
Stay at Home —
Until symptoms are gone for 24 hours.
DO NOT handle any shared food until 72 hours after symptoms are gone.

For Fever:
Stay at Home —
Until fever is below 100.5 for 24 hours WITHOUT the use of fever-reducing drugs (for example, Tylenol®, acetaminophen, Advil®, Motrin®, ibuprofen).

For Skin Rash, Sores or Wounds:
Stay at Home —
If rash is increasing in size, OR if new sores or wounds are developing day-to-day, OR if rash, sores or wounds are draining and cannot be covered with a bandage.
No contact sports until sores or wounds are healed or no longer draining.

For a cough lasting 2 weeks or longer, call your school nurse
or student’s health care provider.

For questions, concerns, or suspected outbreak, call your district nurse.
